For 2024, the Berkshire Centre rally will be venturing to Normandy to commemorate the 80th Anniversary of the D-Day Landings. This welcoming, environmentally friendly, family-run site, close to Cherbourg and Caen, is situated just across the road from a long sandy beach. It is also close to Utah beach and is ideally located for those wishing to visit the many museums, landing beaches and remembrance gardens of WW2. On flat, quite open ground, the site has 102 good sized pitches on level grass, most with 6/10A electricity (Europlug).

A perfect base for exploring Normandy, the winding country roads in the area are ideal for exploring by bike. Located in the heart of the landing beaches you will find the sandy Omaha Beach nearby and just slightly further down the coast the magnificent Arromanches with its imaginative museum commemorating the D-Day landings.

Only a short drive away is the charming medieval town of Bayeux, famous for its Tapestry but also an interesting destination for its architectural sites as well as plenty of shops, bars and restaurants.
